Frameless

For the most exquisite in shower screen design, the frameless shower screen is uncompromising in its design and quality and looks that cannot be matched for performance or style.

Our frameless shower screens use a quality patch fitting of finely crafted hinges and hardware. This stunning range offers a choice that will enhance your screen design.

Frameless shower screens offers you unlimited design choice with both standard and custom styles available. Depending on your design and operating requirements, our frameless shower screens can be fixed into place with either patch fittings or channel fixing.

Correct installation and best performance is guaranteed by our team of qualified tradesmen and using only safety glass all glass and glazing complies with Australian Standards.
